# SAJID SADDIQUE

Full Stack Developer (React js, Vue js, Laravel)

## EDUCATION

**BS (IT) – MUST (Mirpur University of Science and Technology)**  
(September 2008 – September 2013)

## WORK EXPERIENCE

### Lead developer + Product manager (Al Quran classes)

June-current

Responsible for managing a team of developers, SQA and product analysts. Also responsible for developing backend services and managing server.

### Senior Full Stack Developer (D4 Interactive)

2020-2023

Responsible for creating, improving and developing on-going IT project strategies. Outlined work plans and wrote timelines. Designed processes for cleanup and performance improvement that minimized downtime.

### Full Stack developer (Selteq ltd)

2018-2020

Developed the company's main product (service booking application <http://findanexpert.net/>) from scratch in React JS. Implemented and integrated APIs, gathered the requirements from the client and decided the timeline. Worked on numerous Word press and PHP web applications and led/managed a team of React and PHP developers. Managed the company's domain servers. Worked with a network and cyber security team member to secure the servers and company's private data.
